Honorable Michael Bodker, Mayor,  
Members of the City Council,  
and Citizens of Johns Creek, Georgia

Ladies and Gentlemen:

The Comprehensive Annual Financial Report (CAFR) for the City of Johns Creek, Georgia, for the fiscal year ended September 30, 2018, is submitted herewith. Georgia state law and local ordinances require that every local government publish within six months of the close of each fiscal year a complete set of audited financial statements.

This report was prepared by the City's Finance Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of presentation, including all disclosures rests with the City. We believe the report, as presented, is accurate in all material aspects. We also believe it is presented in a manner designed to set forth the financial position and results of operations of the City as measured by the financial activity of its various funds. Finally, we believe that all disclosures necessary to enable the reader to gain maximum understanding of the City's financial affairs have been included.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Mauldin and Jenkins, LLC, has issued an unmodified ("clean") opinion on the City of Johns Creek's financial statements for the fiscal year ended September 30, 2018. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD & A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD & A complements this letter of transmittal and is best read in conjunction with it.

## **Profile of the Government**

Johns Creek was incorporated on December 1, 2006, becoming Georgia's 9<sup>th</sup> largest City. Located in North Fulton County, the City of Johns Creek is made up of the four original farming communities of Warsaw, Shakerag, Newton, and Ocee with the Chattahoochee River forming the City's southeast boundary. The City occupies a land area of 32 square miles and serves a population of 83,397 (based upon the U. S. Census Bureau 2017 estimate).

Policy making and legislative authority of the government is vested in the mayor and six council members, who are elected for four year terms on a non-partisan basis. The mayor and council members are elected at large by popular vote. The mayor and council members serve until their successors are qualified and elected. Terms of office begin on January 2<sup>nd</sup>, immediately following the date of election into office. Elections are held every four years and are conducted by the Fulton County Board of Elections. The mayor appoints, subject to confirmation by the council, a City Manager to carry out the administrative operations of the government. The City is empowered to levy a property tax on both real and personal property located within its boundaries and is able to levy all other taxes granted to municipalities within the State of Georgia.

The City operates under a Council/Manager form of government, whereby the Mayor and City Council possesses all of the executive and legislative powers granted to the government under the constitution and laws of the State of Georgia and the City of Johns Creek charter. The City Manager possesses all of the administrative powers granted to the government under the constitution and laws of the State of Georgia and the City's charter.

Deploying a non-traditional approach to government services, the City contracts with a private partner to perform some of the traditional services performed by a municipal government such as construction and maintenance of streets and other infrastructure; road repaving, community development and parks and recreation management. Other services such as public safety, human resources, finance, communications, facilities, IT, etc. are provided by government City employees. Sanitation services are not provided as a City service. Property owners make their own arrangements with private carriers. Water and sewer services are delivered to residential and commercial properties by Fulton County via intergovernmental agreements.

The annual budget serves as the foundation for the City's financial plan and assists in the control of the financial stability and health of the government. The Mayor and City Council are required to adopt a final budget no later than the close of the fiscal year. The budget is prepared by fund, function, and department. The City Manager may transfer resources within a department (within a fund) as they deem necessary. However, transfers between departments or funds require approval from the City Council.

## **Local Economy**

The City is home to approximately 2,000 businesses. The largest employers include State Farm Insurance Company, Alcon, Inc., Emory John's Creek Hospital, and Macy's System & Technology. In general, Johns Creek is largely a bedroom community with 80 percent of its land devoted to residential use. The revenue base has remained fairly stable and the local economy is growing minimally. Both the City's property tax digest and sales tax collections have increased from the prior year.

The City has experienced explosive population growth over the past two decades. Between 1990 and 2000, the number of people living within the area that is now incorporated Johns Creek grew by 232 percent. In the most recent census conducted by the U.S. Census Bureau, over 37 percent of the City's population was between 35 and 55-years-old, while another 37 percent were aged 19 and younger. The census also indicated that City residents are highly educated, with 44 percent holding bachelor's degrees and 22 percent master's degrees – both more than twice the rate for Metro Atlanta overall.

Median household income in 2007 was \$150,592 with an average household income of \$204,404. In 2017, the median income was estimated at \$113,609 and average household income \$143,924. The median home price from 2013 - 2017 was \$366,200.

The major roadways serving the City are Georgia 400 to the west and Interstate 85 to the east (both roadways are several miles outside the city limits). Several arterial roadways including State Road 141 and State Road 120 bisect the City and provide a direct route outside the city limits leading to the freeways. Limited regional bus service is provided through the Georgia Regional Transportation Authority.

### **Long-Term Financial Planning**

As detailed within the following financial statements, the City's policy is to maintain a minimum unassigned General Fund balance equal to 25 percent of operating expenditures and outgoing transfers. Excess fund balances over reserve requirements will be used in subsequent periods for pay-as-you-go capital projects and one-time non-recurring expenditures.

As part of the financial strategic plan, the government is committed to a consistent millage rate for property taxes, from which services can be provided. As outlined within the legislation creating the government, the City's operating millage rate cap of 4.731 mills is statutorily set and cannot be changed without a referendum. The City Council approved a millage rate of 3.842 mills, which is a decrease from the prior year. A comprehensive framework of financial policies was adopted shortly after the City's incorporation, which provided governance to financial matters.

The City maintained sufficient cash reserves to operate the fiscal year without issuing a tax anticipation note. Various equipment and vehicles for its public safety departments were purchased and the City continued payments on fire station financing with the County acquired upon incorporation.

The City is expected to continue to develop as a preferred location for appropriate business and residential investment as the economy continues to recover.

### **Relevant Financial Policies**

Throughout the year, the Finance department administered the City Council's approved Financial Management Program, which outlines policy within which the government's finances are maintained. These policies address fund balances, the use of one-time revenues, issuance of debt, purchasing and procurement, cash and investment management, and accounting practices. In totality, these policies formulate the core criteria for which internal evaluations occur. On an annual basis the criteria establishing

the Financial Management Program are reviewed in order to maintain relativity to the changing financial needs of the government.

### **Major Initiatives**

Johns Creek achieved numerous successes in FY2018 with the standout accomplishment being the city's adoption of the 2018 Comprehensive Plan. The 2018 Comprehensive Plan is a major planning achievement which helps protect and preserve residential communities and enhance overall quality of life. The plan will guide the city's future growth over the next 10 years and is of primary benefit to both residents and businesses. The city now has an approved roadmap to nurture the natural environment, historic resources, a citywide multi-modal transportation network, along with exceptional recreational and cultural activities.

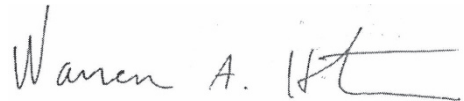

In 2018 the city continued renovating the new City Hall building (expected to be opened in Spring 2019) and planning for the adjacent linear park. Additionally, the city successfully enriched its parks offerings by acquiring additional park land, expanding recreational facilities, adding multi-purpose turf athletic fields and developing a city-wide recreational greenway/trail system. These efforts were a result of the previously established Recreation and Parks Strategic Plan and the Park Bond funding and prioritizations.

### **Awards and Acknowledgments**

We are pleased to present the City's Comprehensive Annual Financial Report (CAFR), and submit the same to the Government Finance Officers Association (GFOA) for consideration in the Certificate of Achievement for Excellence in Financial Reporting program. We believe that our CAFR meets the program's requirements. The City has received the Certificate of achievement for the nine previous years.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Department of Finance. I would like to express my appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit also must be given to the Mayor and City Council for their unfailing support for maintaining the highest standards of leadership and professionalism in the management of the City's finances.

Respectfully submitted,

A handwritten signature in black ink that reads "Warren A. Hutmacher". The signature is written in a cursive style with a large, stylized initial "H".

## INDEPENDENT AUDITOR'S REPORT

---

**The Honorable Mayor and Members  
of the City Council of the  
City of Johns Creek, Georgia**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the **City of Johns Creek, Georgia** (the "City"), as of and for the year ended September 30, 2018, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

---

## ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Johns Creek, Georgia, as of September 30, 2018, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Other Matters***

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and budgetary comparison information on pages 4 through 11 and 38 and 39 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Johns Creek, Georgia's basic financial statements. The combining and individual fund statements and schedules as well as the introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

---

*Other Information (continued)*

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated March 8, 2019 on our consideration of the City of Johns Creek, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Johns Creek, Georgia's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*Mauldin & Jenkins, LLC*

Atlanta, Georgia  
March 8, 2019

# CITY OF JOHNS CREEK, GEORGIA

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

As management of the City of Johns Creek (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2018. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

### **Financial Highlights**

- The assets of the City exceeded its liabilities at the close of the fiscal period by \$258,395,099, total net position. Of this amount \$51,063,073, unrestricted net position, is available to meet the ongoing obligations of the government.
- The City's increase in net position was \$30,391,191 during the fiscal period; primarily due to increasing revenues (property taxes and sales tax principally), along with managing expenses and spending less than budgeted.
- As of the close of the current fiscal period, the City's governmental funds reported combined ending fund balances of \$108,093,703.
- As of September 30, 2018, the City had total debt outstanding of approximately \$69.4 million which includes general obligation (GO) bonds totaling \$40,667,696, certificates of participation totaling \$23,830,000, and notes and contracts payable totaling \$3,904,087.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the fiscal period. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements report functions of the City that are principally supported by taxes (governmental activities). The governmental activities of the City include general government, judicial, public safety, public works, culture and recreation, community development, and interest on long-term debt.

The government-wide financial statements can be found on pages 12 and 13 of this report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains a general fund, a capital projects fund, parks bond fund, T-SPLOST fund, and six nonmajor governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund and three (3) other major funds noted above. Data from the other six governmental funds is combined into a single, aggregated presentation. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on pages 14 through 16 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The City uses an Agency Fund for the collection and remittance of cash appearance bond related activity for municipal court.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 18 through 37 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information such as the budgetary comparison schedule for the general fund, which can be found on pages 38 and 39 of this report.

The combining statements and schedules, referred to earlier, are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 40 and 41 of this report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets exceeded liabilities by \$258,395,099.

The following table provides a summary of the City's governmental net position for the fiscal year 2017 and 2018:

### City of Johns Creek Net Position

	<b>Governmental Activities</b>	
	2018	2017
Current assets	\$ 126,893,207	\$ 111,615,098
Capital assets, net of accumulated depreciation	215,957,663	197,289,160
Total assets	342,850,870	308,904,258
Current liabilities	15,064,553	10,372,961
Long-term liabilities	69,391,218	70,527,389
Total liabilities	84,455,771	80,900,350
Net investment in		
capital assets	186,847,479	173,455,612
Restricted for capital projects	433	433
Restricted for law enforcement	560,887	523,741
Restricted for transportation enhancements	19,923,227	6,719,265
Unrestricted	51,063,073	47,304,857
Total net position	\$ 258,395,099	\$ 228,003,908

The largest portion of the City's net position reflects its investment in capital assets (e.g., roadways, sidewalks, culverts, equipment and signals) and park land; less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City's net position (\$433) represents resources that are restricted for use on capital projects. An additional portion of the City's net position (\$560,887) represents resources that are restricted for use in law enforcement activities. An additional portion of the City's net position (\$19,923,227) represents resources that are restricted for transportation enhancements. The remaining portion of the City's net position represents positive unrestricted net position of \$51,063,073 that is available to meet the ongoing obligations of the government.

At the end of the current fiscal period, the City reported a positive balance in total net position and in unrestricted net position.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

**Changes in Net Position.** Governmental activities increased the City's net position by \$30,391,191 in fiscal year 2018. The following table indicates the changes in net position for governmental activities in fiscal years 2018 and 2017:

	Governmental Activities	
	2018	2017
<b>Revenues</b>		
Program Revenues:		
Charges for services	\$ 5,789,267	\$ 5,541,722
Operating grants and contributions	161,591	23,960
Capital grants and contributions	24,020,439	16,724,496
General Revenues:		
Property taxes	23,118,600	21,021,736
Sales and use taxes	22,142,688	20,967,919
Hotel/Motel taxes	508,090	465,676
Franchise taxes	4,314,921	4,339,068
Business taxes	7,396,040	7,015,161
Unrestricted investment earnings	735,030	212,293
Miscellaneous revenues	489,051	2,219,825
Total revenues	88,675,717	78,531,856
<b>Expenses</b>		
General government	8,766,867	9,118,649
Judicial	646,763	631,225
Public safety	23,882,918	22,745,330
Public works	17,195,241	17,389,469
Culture and recreation	3,591,129	3,211,240
Community development	2,057,694	2,423,736
Interest on long-term debt	2,143,914	893,114
Total expenses	58,284,526	56,412,763
Change in net position	30,391,191	22,119,093
Net position, beginning of year	228,003,908	205,884,815
Net position, end of year	\$ 258,395,099	\$ 228,003,908

**Governmental activities.** Governmental activities increased the City's net position by \$30.4 million in fiscal year 2018. Key elements of this increase are as follows:

Total revenues were \$88.7 million, up 13% from the prior year. This increase is primarily attributable to an increase in property tax and sales and use tax revenues. Sales tax revenue increased 5.6% from the previous year, consistent with improving economic conditions in the region. Business tax revenues increased by 5.4%, which is attributed to new development within the City. Franchise taxes decreased by 0.6% from the previous year which is attributed to weather conditions and fuel surcharges paid by the City's utility providers.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

Expenses increased by \$1.9 million (3%) over the previous fiscal year. Public safety, the City's largest department, increased approximately \$1.1 million; public works decreased approximately \$200,000; general government decreased approximately \$350,000; community development decreased by approximately \$370,000; culture and recreation increased approximately \$380,000 and interest on long-term debt increased approximately \$1.2 million from the previous year. The other department's increases/decreases were minimal when compared to the previous years. The departments are conscious of the economic situation and have spent only where they felt it was essential to continue offering a high quality level of service.

### **Financial Analysis of the Government's Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the City's governmental funds reported combined ending fund balance of \$108,093,703. Overall, the City's fund balances increased by \$21.6 million from the previous fiscal year which is mostly attributed to increase in property tax receipts due to late receipt of 2017 taxes. Sales and business tax receipts each increased over the previous year. A large component of the City's governmental funds combined ending fund balance is approximately \$77 million reported in the Capital Projects Fund, Parks Bond Fund, and T-SPLOST Fund.

**General Fund.** The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance was \$29.6 million, while total fund balance was \$30.2 million. The unassigned fund balance is significantly higher than prior year due to timely collection of property tax by Fulton County, which were delayed in 2017.

**Capital Projects Fund.** The capital projects fund decreased fund balance by \$12,286,174 during fiscal year 2018. The fund recognized capital outlay expenditures on several large projects during the year. Fund balance as of September 30, 2018 was \$23,415,539.

**Parks Bond Fund.** This fund accounts for the issuance and expenditures of general obligation bonds related to the City's Parks Bond. For the current fiscal year, revenues were \$4,586,163 from taxes collected and interest earned, and expenditures of the bond proceeds amounted to \$3,759,436, leaving \$33,709,766 in fund balance for spending on greenspace projects in future periods.

**T-SPLOST Fund.** This fund accounts for the City's share of a transportation special purpose local option sales tax (T-SPLOST) collected to fund transportation enhancement projects. For the current year, revenues were \$14,177,961 and expenditures of \$973,999. Fund balance as of September 30, 2018 was \$19,923,227.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### **Key General Fund Budgetary Highlights**

The City's budget utilized a conservative approach based on 5 years historical information and current economic conditions. Emphasis was given to ensuring financial stability and long-term stability while providing revenue enhancement; financial priorities and discipline.

The City employs an annual mid-year budget process in order to re-align appropriations made during the annual budget process with significant unexpected trends. This ensures adjustments facilitating appropriations to be in alignment with expected resources. Differences between the original budget and final amended budget are then resolved via official City Council action.

During the year budget realignments in appropriations were made between the original and final amended budget.

Total revenues in the General Fund were greater than final budgeted revenues by approximately \$16 million. This budget variance is mostly attributable to late billing by Fulton County of the City's property taxes for 2017. This late billing caused the due date for the City's taxes to be three (3) month later than previous years, which caused collections not to be completed at year-end and thus an increased revenue in 2018.

Total expenditures in the General Fund were less than final budgeted amounts by approximately \$2.6 million. This positive budget variance is mostly attributable to unspent contract services in various departments throughout the City.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### Capital Asset and Debt Administration

**Capital assets.** The City's investment in capital assets for its governmental activities as of September 30, 2018, amounts to \$215,957,663 (net of accumulated depreciation). These assets primarily reflect the infrastructure assets for roadways, sidewalks, culverts and signals, and park land. Increases were attributed to public works projects such as right-of-way acquisition and development, roadway projects, intersection improvements, sidewalks/trails, improvements to the parks systems, and the purchase of public safety vehicles and equipment.

#### City of Johns Creek Capital Assets (net of depreciation)

	Governmental Activities	
	2018	2017
Land	\$ 53,178,840	\$ 52,801,689
Construction in progress	24,057,818	20,208,902
Buildings	3,921,570	3,918,246
Improvements	9,178,451	7,138,212
Machinery and equipment	4,916,391	2,987,459
Infrastructure	120,704,593	110,234,652
Total	\$ 215,957,663	\$ 197,289,160

Additional information on the City's capital assets can be found in note 6 on page 31 of this report.

**Long-term debt.** At the end of the current fiscal year, the City had total debt outstanding of \$69,391,218. The outstanding balance includes the following: \$39,400,000 for bonds issued in 2017 for parks with \$1,267,696 in premiums; \$23,830,000 certificates of participation for construction issued in 2017 related to a new City Hall; \$3,593,728 payable to the State Road and Tollway Authority (SRTA) for a Georgia Transportation Infrastructure Bank loan, the proceeds of which were used for road repair and resurfacing projects throughout the City; compensated absences of \$989,435; and the remaining long-term debt includes the balance related to the City's acquisition of the Shakerag Fire station from Fulton County upon the start-up of the fire department where the City assumed the building and the future lease payments, the outstanding balance of which at September 30, 2018 is \$310,359. Additional information on the City's long-term debt can be found in Note 7 on pages 32 through 34 of this report.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

### **Economic Factors and Next Year's Budgets and Rates**

All of these factors were considered in preparing the City's budget for the 2018 fiscal year.

- Sustainability of existing services – the City has deployed a philosophy of budgetary evaluation which reviews the needs of the City to the standard which realizes that services and associated costs should not be appropriated if they are not justified as long-term goals of the organization. This philosophy is solidified during the budget process, with a multi-year financial outlook that provides the conduit to evaluate government priorities, realign and diversify revenue structures, and provide the data for decision making for continued financial success.
- Current economic situation – the budget has anticipated that revenues will decrease slightly, and that sales tax and motor vehicle revenues will remain flat.
- Cost of government – The government is legally mandated to levy a maximum of 4.731 millage rate through the legislation that created the City; however the City Council approved a millage rate in July of 4.360 mills. This millage rate is estimated to generate approximately \$18.4 million in revenue.
- Stabilization of revenue, especially sales tax revenues
- Competitive wages and benefits for City employees
- Vehicle replacement projects for Fire and Police
- Continued improvements to infrastructure, especially focused on streets and roads
- Improvements at various City Parks including pond dredging, foundation repairs, sidewalk connections and upgrades to playground equipment
- Continuation of the solid waste program

The City restricts the use of one-time revenues to reserves, and limits the growth in expenditures from operations to those performance indicators which are designated as inadequate by City Council.

### **Requests for Information**

This financial report is designed to provide a general overview of the City of Johns Creek finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Department of Finance, City of Johns Creek, 11360 Lakefield Drive, Johns Creek, Georgia, 30097.

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
FOR THE YEAR ENDED SEPTEMBER 30, 2018**

---

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 21,637,293
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation expense in the current period.	18,719,144
In the statement of activities, the loss on the disposal of capital assets is recorded as general government expense. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets	(50,641)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(10,970,222)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount represents the net effect of these transactions during the current fiscal year.	1,123,721
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	<u>(68,104)</u>
Change in net position of governmental activities	<u>\$ 30,391,191</u>

**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018**

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Johns Creek, Georgia (the “City”) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City’s accounting policies are described below.

**A. Reporting Entity**

The City, which was incorporated in 2006, operates under a charter adopted December 1, 2006, as a municipal corporation governed by an elected mayor and a six-member council. The government provides such services as police protection, fire and rescue services, cultural and recreational activities, housing and development and public works.

The accompanying financial statements present the City and its component unit, an entity for which the City is considered to be financially accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

The Johns Creek Convention Visitors Bureau (CVB) has been included as a discretely presented component unit in the accompanying financial statements. The CVB does not have the power to levy taxes or issue bonded debt. A voting majority of the governing body is appointed by City Council. The CVB receives substantially all of its funding from the hotel/motel occupancy taxes assessed by the City. Financial information with regard to the CVB can be obtained from the administrative offices at 11360 Lakefield Drive, Johns Creek, Georgia, 30097. Separate financial statements for the CVB are not prepared.

**B. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. The statement of net position includes non-current assets and non-current liabilities. In addition, the government-wide statement of activities reflects depreciation expense on the City’s capital assets. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to those who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

## NOTES TO FINANCIAL STATEMENTS

---

### **NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **B. Government-wide and Fund Financial Statements (Continued)**

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Agency funds have no measurement focus; however, they use the accrual basis of accounting to recognize assets and liabilities. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Property taxes, sales taxes, intergovernmental grants, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Non-exchange Transactions," the corresponding assets (receivables) in non-exchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **general fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **capital projects fund** is used to account for the capital expenditures made by the City on long-term projects.

The **parks bond fund** is used to account for the proceeds of the General Obligation Bonds, Series 2017, issued by the City and the related capital projects.

The **T-SPLOST fund** is used to account for the proceeds of the transportation special purpose local option sales tax for the various improvement projects as approved by the voter referendum.

Additionally, the City reports the following fund types:

The **special revenue funds** account for revenue sources that are legally restricted to expenditures for specific purposes.

The **debt service fund** accounts for the annual principal and interest payments made on the City's notes payable.

The **agency fund** is used to account for the collection and disbursement of monies by the City's Municipal Court on behalf of other individuals or entities.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Encumbrances

The City employed encumbrance accounting during the year. Encumbrances, if existing at the end of the fiscal year, are recorded and appropriations lapse at year end. Open encumbrances would then be a commitment or an assignment of fund balance since the obligations would be honored in subsequent years. Encumbrances do not constitute expenditures or liabilities. There were no encumbrances outstanding at September 30, 2018, and none were recorded.

#### E. Budgets

Formal budgetary accounting is employed as a management control device for the governmental funds of the City. The governmental fund budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Annual operating budgets are adopted each fiscal year through passage of an annual budget ordinance and amended as required for the general fund, special revenue funds, and debt service fund. Project-length budgets are adopted for the capital projects funds. During the fiscal year ended September 30, 2018, the original budget was amended through supplemental appropriations. These changes are reflected in the budgetary comparison schedules.

All unencumbered budget appropriations lapse at the end of each year.

#### F. Cash and Investments

Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the City. The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements.

The City's investments are recorded at fair value. Increases or decreases in the fair value during the year are recognized as a component of interest income.

#### G. Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### H. Inventories

Inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an asset at the time the individual item is purchased. Inventories reported in the governmental funds are equally offset by nonspendable fund balance, which indicates that they do not constitute “available, spendable resources.”

#### I. Prepaid Items

Payments made to vendors for services that will benefit periods beyond September 30, 2018, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the fiscal year in which services are consumed. Prepaid items reported in the governmental funds are equally offset by nonspendable fund balance which indicates that they do not constitute “available, spendable resources.”

#### J. Capital Assets

Capital assets, which include buildings, improvements, machinery and equipment, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The City has reported all infrastructures that it currently owns and has a responsibility for maintaining. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives is not capitalized.

Capital assets of the City are depreciated using the straight line method over the following useful lives:

Buildings	40 years
Improvements	10-40 years
Machinery and equipment	3-15 years
Infrastructure	50-75 years

Fully depreciated assets still in service are carried in the capital asset accounts.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### K. Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items, both of which arise only under a modified accrual basis of accounting, that qualify for reporting in this category. Accordingly, the items, *unavailable revenue – property taxes* and *unavailable revenue – intergovernmental* are only reported in the governmental funds balance sheet. The governmental funds report unavailable revenues from both property taxes and grants as these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available.

#### L. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums are deferred and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium. Bond issuance costs are reported as expenses in the period in which they are incurred.

In the fund financial statements, governmental fund types recognize the face amount of the debt issued as other financing sources and the repayment of debt as debt service expenditures.

#### M. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for non-vesting accumulated rights to receive sick pay benefits since the City does not have a policy to pay any amounts when employees separate from service with the City. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Fund Balance and Net Position

Fund equity at the governmental fund financial reporting level is classified as “fund balance.” Fund equity for all other reporting is classified as “net position.”

**Fund Balance** – Generally, fund balance represents the difference between the assets and liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

*Nonspendable* – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

*Restricted* – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

*Committed* – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by the adoption of a resolution by the City Council. Furthermore, only the City Council has the authority to modify or rescind the commitment and such action is accomplished only by adoption of a subsequent resolution.

*Assigned* – Fund balances are reported as assigned when amounts are constrained by the City’s intent to be used for specific purposes, but are neither restricted nor committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. Pursuant to the fund balance policy adopted by a resolution of the City Council, the Finance Director has been delegated the authority to assign funds for particular purposes.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Fund Balance and Net Position (Continued)

Fund balances are classified as follows (Continued):

*Unassigned* – Fund balances are reported as unassigned as the residual classification for the City's general fund and includes all spendable amounts when the balances do not meet any of the above criterion. In other funds, the unassigned classification will be used only to report a deficit balance from overspending for specific purposes for which amounts had been restricted, committed, or assigned. The City intends to maintain a minimum unassigned fund balance in its general fund of 25% of the subsequent year's budgeted expenditures and outgoing transfers. This minimum fund balance is to protect against cash flow shortfalls related to timing of projected revenue receipts and to maintain a budget stabilization commitment.

**Flow Assumptions** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

**Net Position** – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction, or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

The City applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### O. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## NOTES TO FINANCIAL STATEMENTS

**NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS**

**A. Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position**

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that “long-term liabilities are not due and payable in the current period and therefore are not reported in the funds.” The details of this \$70,175,663 difference are as follows:

Notes payable	\$ (3,593,728)
Certificates of participation payable	(23,830,000)
Contracts payable	(310,359)
Bonds payable, net of original issue premium	(40,667,696)
Accrued interest payable	(784,445)
Compensated absences	<u>(989,435)</u>
Net adjustment to reduce <i>fund balance - total governmental funds</i> to arrive at <i>net position - governmental activities</i>	<u><u>\$ (70,175,663)</u></u>

**B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities**

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net change in fund balances – total governmental funds and change in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that “Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” The details of this \$18,719,144 difference are as follows:

Capital outlay	\$ 23,502,699
Depreciation expense	<u>(4,783,555)</u>
Net adjustment to increase <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position - governmental activities</i>	<u><u>\$ 18,719,144</u></u>

## NOTES TO FINANCIAL STATEMENTS

**NOTE 2. RECONCILIATION OF GOVERNMENT-WIDE FINANCIAL STATEMENTS AND FUND FINANCIAL STATEMENTS (CONTINUED)**

**B. Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the Government-wide Statement of Activities (Continued)**

Another element of the reconciliation states that “the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount represents the net effect of these transactions for the current fiscal year.” The details of this \$1,123,721 difference are as follows:

Principal repayments on notes payable	\$ 287,658
Principal repayments on contracts payable	236,063
Principal repayments on bonds payable	<u>600,000</u>
Net adjustment to increase <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position - governmental activities</i>	<u><u>\$ 1,123,721</u></u>

Another element of the reconciliation states that “some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this \$68,104 difference are as follows:

Accrued interest payable	\$ (80,136)
Amortization of bond premium	72,706
Compensated absences	<u>(60,674)</u>
Net adjustment to reduce <i>net change in fund balances - total governmental funds</i> to arrive at <i>change in net position - governmental activities</i>	<u><u>\$ (68,104)</u></u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 3. LEGAL COMPLIANCE - BUDGETS

The budget is officially adopted by the governing body prior to the beginning of its fiscal year, or a resolution authorizing the continuation of necessary and essential expenditures to operate the City will be adopted. The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is the department level, within the fund.

Transfers of appropriations within a department budget or within a non-departmental expenditure category require only the approval of the Finance Director and the City Manager. Increases in appropriations in a departmental budget or in a non-departmental expenditure category, require approval of the governing body in the form of amendments to the budget resolution.

For the period ended September 30, 2018, expenditures of the E-911 Fund and Hotel/Motel Tax Fund exceeded their appropriations by \$62,536 and 43,480, respectively. Expenditures of the General Fund exceeded their appropriations for debt service principal and interest by \$236,063 and 27,191, respectively. These excess expenditures were funded by available fund balance, and greater than anticipated revenues.

### NOTE 4. DEPOSITS AND INVESTMENTS

Total deposits as of September 30, 2018 are summarized as follows:

Statement of Net Position:	
Cash and cash equivalents	\$ 48,490,310
Restricted cash and cash equivalents	41,378,565
Statement of Fiduciary Assets and Liabilities:	
Cash - agency fund	143,768
	<u>\$ 90,012,643</u>
Cash deposited with financial institutions	\$ 45,327,009
Fidelity Institutional money market	13,338,504
Local government investment pool - Georgia Fund 1	31,347,130
Total cash and cash equivalents	<u>\$ 90,012,643</u>

**Interest Rate Risk:** The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

**Credit Risk:** State statutes authorize the City to invest in U.S. Government obligations; U.S. Government agency (or other corporation of the U.S. Government) obligations; obligations fully insured or guaranteed by the U.S. Government or a U.S. Government agency; obligations of the State of Georgia or other states; obligations of other counties, municipal corporations and political subdivisions of the State of Georgia; negotiable certificates of deposit issued by any bank or trust company organized under the laws of any state of the United States of America; prime bankers' acceptances; repurchase agreements; and pooled investment programs sponsored by the State of Georgia for the investment of local government funds.

The local government investment pool, "Georgia Fund 1," created by OCGA 36-83-8, is a stable asset value investment pool, which follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. The pool is not registered with the SEC as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1 per share). The asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participants' shares sold and redeemed based on \$1 per share. The pool also adjusts the value of its investments to fair value as of year-end and the City's investment in the Georgia Fund 1 is reported at fair value. The City considers amounts held in Georgia Fund 1 as cash equivalents for financial statement presentation. As of September 30, 2018, the weighted-average maturity of the pool was 16 days.

The Fidelity Institutional money market mutual fund invests exclusively in short-term cash equivalents and U.S. Treasury securities and is rated AAAM by Standard and Poor's criteria. As of September 30, 2018, the weighted-average maturity of the fund was 30 days.

**Fair Value Measurements:** The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The Georgia Fund 1 is an investment pool which does not meet the criteria of GASB Statement No. 79 and is thus valued at fair value in accordance with GASB Statement No. 31. As a result, the City does not disclose the investment in the Georgia Fund 1 within the fair value hierarchy.

The Fidelity Institutional investment is a money market mutual fund and is classified in level 1 of the hierarchy. It is valued using prices quoted in active markets for the exact same money market mutual fund.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 4. DEPOSITS AND INVESTMENTS (CONTINUED)

**Custodial Credit Risk:** Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be covered by depository insurance or pledged securities. Amounts that exceed standard depository insurance limits are required to be collateralized either (1) individually by the financial institutions through pledged obligations of the U.S. Government, obligations backed by the full faith and credit of the U.S. Government, obligations of the State of Georgia or other states, or obligations of counties, municipalities, or public authorities of the State of Georgia, or (2) participation in the State of Georgia Secure Deposit Program. As of September 30, 2018, the financial institution holding all of the City's deposits is a participant of the State of Georgia Secure Deposit Program, which is administered by the Office of the State Treasurer, requires participating banks holding deposits of public funds to pledge collateral at varying rates depending on tier assigned by the State. As of September 30, 2018, all of the City's bank balances were insured and/or collateralized as defined by GASB and required by State Statutes.

### NOTE 5. RECEIVABLES

Property taxes are levied on property values assessed as of January 1, which is also the lien date. The City contracts with Fulton County to bill and collect City of Johns Creek property taxes. The taxes were levied on September 1 based on the assessed value of property as listed on the previous January 1 and were due on October 31. Property taxes levied on September 1, 2018 are for the year ended September 30, 2018, and property taxes are recorded as receivables and deferred inflows of resources when levied. Revenues are recognized in governmental funds when available.

Receivables at September 30, 2018, for the City's individual major funds and aggregate nonmajor funds, including any applicable allowances for uncollectible accounts are as follows:

	General	Capital Projects	Parks Bond	T-SPLOST	Nonmajor Governmental	Total
Receivables:						
Taxes	\$ 25,575,859	\$ -	\$ 2,548,575	\$ -	\$ 44,218	\$ 28,168,652
Accounts	1,176,425	-	-	-	253,478	1,429,903
Intergovernmental	43,970	4,969,841	-	1,158,064	5,240,975	11,412,850
Total receivables	26,796,254	4,969,841	2,548,575	1,158,064	5,538,671	41,011,405
Less allowance for uncollectible	69,030	-	9,896		5,240,975	5,319,901
Net total receivable	<u>\$ 26,727,224</u>	<u>\$ 4,969,841</u>	<u>\$ 2,538,679</u>	<u>\$ 1,158,064</u>	<u>\$ 297,696</u>	<u>\$ 35,691,504</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 6. CAPITAL ASSETS

Capital asset activity for the City for the year ended September 30, 2018 is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
<b>Governmental activities:</b>					
Nondepreciable capital assets:					
Land	\$ 52,801,689	\$ 377,151	\$ -	\$ -	\$ 53,178,840
Construction in progress	20,208,902	4,938,457	(26,463)	(1,063,078)	24,057,818
Total	<u>73,010,591</u>	<u>5,315,608</u>	<u>(26,463)</u>	<u>(1,063,078)</u>	<u>77,236,658</u>
Depreciable capital assets:					
Buildings	4,999,465	139,890	-	-	5,139,355
Improvements	9,440,555	2,678,161	-	20,984	12,139,700
Machinery and equipment	14,275,962	2,833,352	(482,819)	363,275	16,989,770
Infrastructure	134,227,564	12,535,688	-	678,819	147,442,071
Total	<u>162,943,546</u>	<u>18,187,091</u>	<u>(482,819)</u>	<u>1,063,078</u>	<u>181,710,896</u>
Less accumulated depreciation:					
Buildings	(1,081,219)	(136,566)	-	-	(1,217,785)
Improvements	(2,302,343)	(658,906)	-	-	(2,961,249)
Machinery and equipment	(11,288,503)	(1,243,517)	458,641	-	(12,073,379)
Infrastructure	(23,992,912)	(2,744,566)	-	-	(26,737,478)
Total	<u>(38,664,977)</u>	<u>(4,783,555)</u>	<u>458,641</u>	<u>-</u>	<u>(42,989,891)</u>
Total capital assets being depreciated, net	<u>124,278,569</u>	<u>13,403,536</u>	<u>(24,178)</u>	<u>1,063,078</u>	<u>138,721,005</u>
Governmental activities capital assets, net	<u>\$ 197,289,160</u>	<u>\$ 18,719,144</u>	<u>\$ (50,641)</u>	<u>\$ -</u>	<u>\$ 215,957,663</u>

Depreciation expense was charged to functions/programs of the City as follows:

Governmental activities:	
General government	\$ 357,153
Public safety	1,059,457
Public works	2,822,010
Culture and recreation	544,935
Total depreciation expense - governmental activities	<u>\$ 4,783,555</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT

#### Changes in Long-Term Liabilities

The following is a summary of long-term debt and liability activity for the City for its fiscal year ended September 30, 2018:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<b>Governmental activities</b>					
Bonds payable	\$ 40,000,000	\$ -	\$ (600,000)	\$ 39,400,000	\$ 630,000
Bond premiums	1,340,402	-	(72,706)	1,267,696	-
Bonds payable, net	41,340,402	-	(672,706)	40,667,696	630,000
Notes payable	3,881,804	-	(288,076)	3,593,728	143,841
Contracts payable	546,422	-	(236,063)	310,359	247,694
Certificates of participation	23,830,000	-	-	23,830,000	1,435,000
Compensated absences	928,761	699,886	(639,212)	989,435	680,970
Total governmental activities long-term liabilities	<u>\$ 70,527,389</u>	<u>\$ 699,886</u>	<u>\$ (1,836,057)</u>	<u>\$ 69,391,218</u>	<u>\$ 3,137,505</u>

For governmental activities, compensated absences are liquidated by the General Fund.

#### Notes Payable

The City has executed a note payable agreement with the State Road and Tollway Authority (SRTA). The note, financed through the Georgia Transportation Infrastructure Bank (GTIB), allowed the City to borrow \$4,000,000 for various road projects throughout the City. Monthly payments of principal and interest commenced in February 2016 in the amount of \$22,810 and will continue until the note matures on January 1, 2036. The note bears interest at 3.31%. As of September 30, 2018, the outstanding balance on this note is \$3,593,728.

The total debt service requirements to maturity for the City's outstanding notes are as follows:

Fiscal year ending September 30,	Principal	Interest	Total
2019	\$ 143,841	\$ 107,067	\$ 250,908
2020	161,968	111,749	273,717

2034-2036	613,818	24,855	638,673
	<u>\$ 3,593,728</u>	<u>\$ 1,127,893</u>	<u>\$ 4,721,621</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT (CONTINUED)

#### Contracts Payable

During fiscal year 2009, the City entered into an agreement with Fulton County to assume the debt service for certain certificates of participation in the principal amount of \$1,439,024 with payments beginning May 1, 2009 through November 1, 2019 at an interest rate of 4.90% in return for land and buildings for the fire department.

The City's debt service requirements to maturity on the contracts payable are as follows:

Fiscal year ending September 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 247,694	\$ 15,518	\$ 263,212
2020	62,665	3,133	65,798
	<u>\$ 310,359</u>	<u>\$ 18,651</u>	<u>\$ 329,010</u>

#### Certificates of Participation

In September 2017, the Georgia Municipal Association issued Certificates of Participation on behalf of the City in the amount of \$23,830,000. The proceeds from the certificates will be used to finance the construction and renovations of the City's new City Hall building. The certificate bears interest at 2.56% with semiannual interest payments beginning on March 1, 2018 and annual principal payments beginning September 1, 2019 until maturity on September 1, 2032.

The City's debt service requirements to maturity on the certificates of participation are as follows:

Fiscal year ending September 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 1,435,000	\$ 610,048	\$ 2,045,048
2020	1,475,000	573,312	2,048,312
2021	1,510,000	535,552	2,045,552
2022	1,550,000	496,896	2,046,896
2023	1,590,000	457,216	2,047,216
2024-2028	8,580,000	1,654,528	10,234,528
2029-2032	7,690,000	498,304	8,188,304
	<u>\$ 23,830,000</u>	<u>\$ 4,825,856</u>	<u>\$ 28,655,856</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT (CONTINUED)

#### Bonds Payable

In April 2017, the City issued \$40,000,000 of General Obligation Bonds (Series 2017) for the purpose of funding construction projects for the City. The bonds were issued at a premium of \$1,340,402 and interest rates ranging from 3% to 5%. The interest payments are due semiannually beginning October 1, 2017 and annual principal payments beginning April 1, 2018. The bonds are scheduled to mature on April 1, 2047.

The City's debt service requirements to maturity on the bonds payable are as follows:

Fiscal year ending September 30,	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2019	\$ 630,000	\$ 1,463,138	\$ 2,093,138
2020	660,000	1,431,638	2,091,638
2021	700,000	1,398,638	2,098,638
2022	730,000	1,363,638	2,093,638
2023	770,000	1,307,888	2,077,888
2024-2028	4,450,000	6,020,187	10,470,187
2029-2033	5,690,000	4,921,900	10,611,900
2034-2038	7,270,000	3,907,238	11,177,238
2039-2043	9,270,000	2,577,713	11,847,713
2044-2047	9,230,000	827,397	10,057,397
	<u>\$ 39,400,000</u>	<u>\$ 25,219,375</u>	<u>\$ 64,619,375</u>

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

Due to/from other funds:

<u>Receivable Entity</u>	<u>Payable Entity</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 12,629

The above interfund balance results from the collection of revenues in the nonmajor governmental funds that are owed to the General Fund and are subsequently remitted after year-end.

Interfund transfers:

<u>Transfers In</u>	<u>Transfers Out</u>	<u>Amount</u>
General Fund	Nonmajor governmental funds	\$ 145,110
Capital Projects Fund	General Fund	8,582,936
Nonmajor governmental funds	General Fund	949,436
		<u>\$ 9,677,482</u>

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

**NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES**

**Contractual Commitments**

The City has entered a public/private contractual partnership for outsourced services and operations. Through this contract with a private company, an array of operational services is provided via outsourcing. This contract is an operating contract for which the City is continually monitoring its outsourcing needs as compared to providing services in-house. Currently, this contract is approximately \$3.09 million, subject to annual negotiation and appropriation.

The City has entered into contracts for construction and various other professional services. As of September 30, 2018, the balance left to complete these contracts is approximately \$1.12 million.

## NOTES TO FINANCIAL STATEMENTS

---

### **NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES (CONTINUED)**

#### **Litigation**

The City is a defendant in certain legal actions arising in the course of City operations. Liability, if any, which might result from these proceedings, would not, in the opinion of management and legal counsel, have a material adverse impact on the financial position of the City.

#### **Grant Contingencies**

The City has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to the disallowance of certain expenditures previously reimbursed by those agencies. Based upon prior experience, management of the City believes such disallowances, if any, will not be significant.

### **NOTE 10. DEFINED CONTRIBUTION RETIREMENT PLAN**

The City of Johns Creek's Profit Sharing Plan is a single employer defined contribution plan established and administered by the City for all full time employees. At September 30, 2018, there were 215 plan members. The City contributes 12% of eligible employees' base salary and matches 100% for each dollar of employee contributions up to 5% of the employee's salary. Employees are not required to contribute to the Plan. Employees are eligible after six months of employment. Funds from the City vest 20% per year (five-year vesting schedule) based upon the employee's date of hire for those hired after January 1, 2017. Employees hired prior to January 1, 2017 were 100% vested upon entry into the Plan. For the fiscal year ending September 30, 2018, the City's contributions to the Plan were \$2,442,012. The Plan was established by resolution of the City Council. The Plan, including contribution requirements, may also be amended by resolution of the same.

### **NOTE 11. JOINT VENTURES**

Under Georgia law, the City, in conjunction with other cities around the Metropolitan Atlanta Georgia area, is a member of the Atlanta Regional Commission (ARC) and is required to pay annual dues thereto, which Fulton County has paid on behalf of the City of Johns Creek. Membership in ARC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organization structure of ARC. ARC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of the ARC. Separate financial statements may be obtained from ARC, 40 Courtland Street NE, Atlanta, Georgia 30303.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 11. JOINT VENTURES (CONTINUED)

In October 2008 the cities of Sandy Springs and Johns Creek created the Chattahoochee River 911 Authority (ChatComm), which was created pursuant to the provisions of the Official Code of Georgia Annotated (OCGA) Section 36-75-1, which provides for the organization of a joint public safety and judicial facility authority. ChatComm Board membership includes the City Manager from each participating city, or their designee. ChatComm was created by the two cities contributing a pre-determined capital amount necessary to equip the facility. In accordance with GASB 14: *The Financial Reporting Entity*, ChatComm was determined to be a joint venture; however, the City does not have an equity interest in the joint venture. The cities have also pledged their future E911 revenues to ChatComm to pay for the operation of the emergency 911 answering facility. Additionally, the two cities will be responsible for funding any operating deficits as well as any future capital purchases of ChatComm. For the year ended September 30, 2018, the City of Johns Creek has collected and remitted \$1,751,439 of E911 revenues. Since the inception of ChatComm, the City has contributed \$5,240,975 to cover the capital and operating needs in addition to the E911 revenues remitted. While the E911 Fund of the City reports a receivable for this amount, management has evaluated the ability of the City to collect the receivable and determined the need to allow for 100% of the outstanding receivable as of September 30, 2018. As of June 30, 2018, ChatComm's fiscal year end, the entity had a negative net position of (\$12,357,939). Separate financial statements may be obtained from the City of Johns Creek, who has been contracted by ChatComm to serve as the accountants, at 11360 Lakefield Drive, Johns Creek, Georgia 30097.

### NOTE 12. HOTEL/MOTEL LODGING TAX

The City has levied a 7% lodging tax. The Official Code of Georgia Annotated 48-13-50 requires that all lodging taxes levied of 5% or more be expended or obligated contractually for the promotion of tourism, conventions, or trade shows. During the year ended September 30, 2018, the City received \$508,090 in hotel/motel taxes. Of this amount, \$362,980, or 71.4%, was used for the promotion of tourism, conventions, or trade shows.

### NOTE 13. RISK MANAGEMENT

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial insurance for risks of losses. For insured programs, there have been no significant reductions in insurance coverage. Settlement amounts have not exceeded insurance coverage in the last three years.

## NONMAJOR GOVERNMENTAL FUNDS

---

### Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted or committed to expenditures for particular purposes.

**Confiscated Assets Fund** – This fund is used to account for the use of confiscated assets by the City's Police Department. These revenues are restricted by State of Georgia law for law enforcement purposes.

**E-911 Fund** – This fund is used to account for the monthly 911 charge to fund the cost of providing emergency 911 services to the City. Financing is provided through user fees and charges which are restricted by the Official Code of Georgia Annotated (O.C.G.A) 46-5-134.

**Hotel/Motel Tax Fund** – This fund is used to account for the 7% occupancy tax collected by the City from area hotels and motels. The tax revenues in this fund are restricted by O.C.G.A 48-13-51.

**Tree Replacement Fund** – This fund is used to account for the charges for services collected by the City from third parties who remove trees during the land development process pursuant to the City's Tree Replacement Ordinance. The revenues in this fund are committed by an Ordinance passed by the City Council.

### Capital Project Fund

**CDBG Fund** – This fund is used to account for the expenditures and revenues received from the U.S. Department of Housing and Urban Development for the City's Community Development Block Grant (CDBG) project.

### Debt Service Fund

**Debt Service Fund** – This fund is used to account for the accumulation of resources and payment of principal and interest on the City's outstanding notes payable.

2014	18,256,432	19,732,444	437,103	4,344,254	6,047,586	48,817,819
2015	19,973,121	20,562,370	489,803	4,431,315	6,336,162	51,792,771
2016	18,069,974	20,838,545	501,955	4,357,134	6,629,486	50,397,094
2017	21,021,736 (1)	20,967,919	465,676	4,339,068	7,015,161	53,809,560
2018	23,118,600	22,142,688	508,090	4,314,921	7,396,040	57,480,339

(1) The increase in property tax revenues is noted to be the result of an increase in assessed values as well as due to the levy of a tax for debt service for the first time in 2017.

Proceeds from sale of assets	-	-	1,510	2,236
Transfers in	9,677,482	43,451,494	36,885,995	9,057,234
Transfers out	(9,677,482)	(43,451,494)	(36,885,995)	(9,057,234)
Total other financing sources (uses)	-	65,170,402	184,229	3,819,517
Net change in fund balances	\$ 21,637,293	\$ 46,842,106	\$ (21,699,461)	\$ 6,850,538
Debt service as a percentage of noncapital expenditures	6.0%	2.6%	2.1%	1.6%

(1) The decrease in property tax revenues in 2009 and increase in 2010 is due to the 2009 taxes being billed after year-end and recognized as revenues for 2010. 2010 taxes were billed prior to year-end and also recognized as revenues in 2010.

(2) Sales taxes are down due to the recent economic downturn.

(3) FY2010 was the City's first full year of collecting revenues for E911 services.

(4) The decrease in property tax revenues in 2017 and increase in 2018 is due to the 2017 taxes being billed after year-end and recognized as revenues for 2018. 2018 taxes were billed prior to year-end and also recognized as revenues in 2018.

2012	16,767,324	17,046,077	357,537	4,359,944	5,646,233	44,177,115
2013	17,265,354	17,061,276	397,450	4,283,380	5,770,239	44,777,699
2014	18,302,306	19,732,444	437,103	4,344,254	6,047,586	48,863,693
2015	20,119,245	20,562,370	489,803	4,431,315	6,336,162	51,938,895
2016	17,168,132 (3)	20,838,545	501,955	4,357,134	6,629,486	49,495,252
2017	7,964,730 (4)	20,967,919	465,676	4,339,068	7,015,161	40,752,554
2018	36,341,270	22,142,688	508,090	4,314,921	7,396,040	70,703,009

(1) The decrease in property tax revenues in 2009 and increase in 2010 is due to the 2009 taxes being billed after year-end and recognized as revenues for 2010. 2010 taxes were billed prior to year-end and also recognized as revenues in 2010.

(2) Sales taxes are down due to the recent economic downturn.

(3) The decrease in property tax revenues in 2016 is due to the 2016 taxes being billed approximately 60 days later than usual and thus amounts collected through year-end and up to 60 days after year-end (availability period) were less than in prior years as the late billing extended the due date.

(4) The decrease in property tax revenues in 2017 and increase in 2018 is due to delays by Fulton County in completing the billing of property taxes. The property digest completed by the County and submitted to the State was not accepted and thus a court injunction was issued to allow for the billing of taxes to proceed; however, the billing process was extremely delayed due to the need for judicial intervention.

	<u>Net General Obligation Debt Outstanding</u>	<u>Estimated Percentage Applicable (1)</u>	<u>Amount Applicable to Johns Creek</u>
Overlapping General Obligation Debt:			
Fulton County, Georgia	\$ 250,294,000	8.06 %	\$ 20,173,696
Fulton County Board of Education	66,276,665	16.67	11,048,320
Total Overlapping Debt	<u>316,570,665</u>		<u>31,222,016</u>
City Direct Debt:			
Notes payable	3,593,728	100.00	3,593,728
Contracts payable	310,359	100.00	310,359
Bonds payable	40,667,696	100.00	40,667,696
Certificates of participation	23,830,000	100.00	23,830,000
Total Direct Debt	<u>68,401,783</u>		<u>68,401,783</u>
Total Direct and Overlapping Debt	<u>\$ 384,972,448</u>		<u>\$ 99,623,799</u>

Source: Assessed value data used to estimate applicable percentages obtained from Fulton County Board of Assessors and debt outstanding obtained from Fulton County.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(1) The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the County's taxable assessed value that is within the City's boundaries and dividing it by the County's total taxable assessed value.

**CITY OF JOHNS CREEK, GEORGIA**

**LEGAL DEBT MARGIN INFORMATION  
SEPTEMBER 30, 2018**

	<u>2018</u>	<u>2017</u>
Debt limit	\$ 532,860,817	\$ 459,713,097
Total net debt applicable to limit	<u>(39,400,000)</u>	<u>(40,000,000)</u>
Legal debt margin	<u>\$ 493,460,817</u>	<u>\$ 419,713,097</u>
Total net debt applicable to the limit as a percentage of debt limit	7.39%	8.70%

**Legal Debt Margin Calculation:**

Assessed value	\$ 5,328,608,171
Debt limit (10% of assessed value)	532,860,817
Debt applicable to limit:	
General obligation bonds	39,400,000
Less: Amount set aside for repayment of General obligation debt	<u>-</u>
Total net debt applicable to limit	<u>39,400,000</u>
Legal debt margin	<u>\$ 493,460,817</u>

**NOTE 1:** Under state finance law, the City's outstanding general obligation debt should not exceed 10 percent of total assessed property value. By law, the general obligation debt subject to the limitation may be offset by amounts set aside for repaying the general obligation bonds.

**NOTE 2:** Fiscal year 2017 was the first year in which the City issued general obligation bonds.
